DETAILED ACTION

Claim Objections

1. Claim 15 is objected to because of the following informalities: The newly revised term “effected” in lines 4-5 & 7 should be changed to “affected”. Appropriate correction is required.

Withdrawn from Consideration

2. Newly amended claims 1-14 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The claims 1-14 which were directed to a method of treatment, is now amended to a composition claims which are distinct invention and also classified separately.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-14 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Art Unit: 1614

3. The subject matters of Claims 16-22 are allowable. However, claims 16-22 are objected, since claims 16-22 are dependent to the rejected claim 15.

4. Claim 15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

5. The following is an examiner's statement of reasons for allowance: Kramer et al. teach a composition and a method for disinfecting, cleansing and treatment for exposure to toxic plants such as poison ivy, comprising surfactant as optimal additives. However, it fails to teach combining ethoxylates and sodium lauryl sarcosinate result in synergistic effect and increase the efficacy against urushiol induced contact dermatitis. The claimed subject matter is patentably distinct over the prior references in the art.

The surfactants used in the patented compositions may be a nonionic surfactant such as alkyl phenol ethoxylate, an anionic surfactant such as sodium lauryl sulfate, a cationic surfactant, or mixtures thereof.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The claims 1-14 are withdrawn from consideration.
7. The claim 15 is objected. Claim 15 would be allowable if rewritten or amended to overcome the objection, set forth in this Office action.
8. The claims 16-22 are allowed.
9. Any inquiry concerning this communication or earlier communications from the examiner should be directed to *Vickie Kim* whose telephone number is (703) 305-1675 (Monday-Thursday: 7AM-6PM) and Fax number is (703) 308-7924.
10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1614

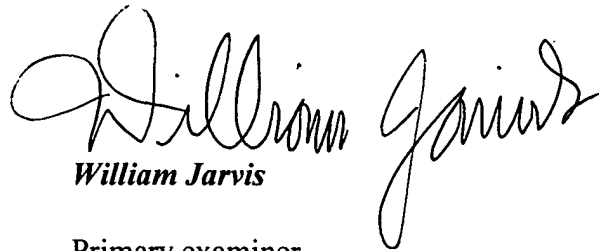

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
